

Corrections To Color / Stitch Key for

# THE SANCTUARY

170 stitches wide x 222 stitches long

The Sanctuary was stitched on 32 count "Natural" Glenshee Linen over two threads of fabric using one strand of silk or cotton floss unless otherwise specified in the directions. You may also use 32 count "Antique Ivory" Belfast Linen by Zweigart or "Lambswool" Linen by Wichelt Imports, Inc.

Each square on the master chart equals two threads of fabric. All stitch diagrams show actual fabric threads. Please refer to the stitch diagrams included in this booklet to make any stitches with which you are unfamiliar.
